

14th March 2019

Dear Parent/Carer,

The Bourne Academy has been offered the exciting opportunity of collaborating with the Educational Psychology Service on The Sandwell Project; a project, which aims to evaluate and enhance the emotional wellbeing provision within the Academy, with the eventual objective of gaining the prestigious Sandwell Wellbeing Charter Mark. As part of this project, the Educational Psychology Service are seeking the views of parents/carers and students at the Academy regarding their experience of being part of the school community.

As part of this project, we are asking for students across the school to complete an online survey measuring their well-being. Your child(ren) will answer the survey at school during either tutor time or their timetabled IT lesson, and will be supported by Academy staff.

The attached letter from the Educational Psychology Service contains further details regarding the project and the student survey. If you are happy for your child to take part in this survey, then no further action is required on your part. If you **do not** give consent for your child to take part in this survey, please could you inform me via email by 3.00pm on Monday 18 March on alison.prince@thebourneacademy.com, stating your child's name, year and tutor group

Please do not hesitate to contact me directly via email if you have any further questions regarding this on alison.prince@thebourneacademy.com

Kind regards,

Alison Prince
Wellbeing Coordinator

Principal: Mr Mark Avoth
