

THE **BOURNE** ACADEMY

18 February 2022

Dear Parent/Carer,

Revision Sessions

At The Bourne Academy we are committed to ensuring that all our students achieve the best possible grades. To support this, we will be running a programme of weekend and holiday revision sessions between now and the exams. We have attached a copy so that it is easily available for you and your son/daughter.

Naturally, the most important determinant of success will be the **commitment of your child to work really hard over the next five months**. We will be encouraging students to strive for the outcomes they are capable of achieving and I am sure you will be doing the same. Analysis of our data from previous years has shown that the students who attend weekend and holiday sessions performed better in their examinations. We would appreciate your support in ensuring that your child attends all of the relevant sessions.

GCSE Advanced Information

On Monday 7 February the exam boards released the advanced information for the GCSE examinations in the summer. The advanced information informs teachers and students which higher tariff topics will be assessed on each GCSE paper. This has been provided this year to support students in preparing for their examinations, allowing them to target their revision. Each subject will place their advanced information on Show My Homework for students to be able to access. I have also attached a link to all the subjects being examined at The Bourne Academy, with the links to relevant exam board specifications for each subject. This will allow parents and students to quickly access this information to support revision and preparation. Please be aware that not all subjects release advanced information as alternative amendments have been made to some subjects. Advanced information is not released for Vocational qualifications, such as BTEC's as alternative adjustments have already been made to these qualifications.

Thank you in anticipation of your support during the coming months.

Yours faithfully,

Mrs T Deane
Assistant Principal

Principal: Mr Mark Avoth
