

6 October 2025

Dear Parent/Carer,

KEY STAGE 3 SCIENCE REVISION GUIDES

I am writing to share a fantastic offer with you regarding CGP Key Stage 3 Science revision guides. We have managed to secure a heavily discounted rate offered only if purchased through the school for an excellent price of **£3.25** (recommended retail price £6.50 – a saving of £3.25).

The revision guide covers all of the topics delivered in both year 7 and year 8 science lessons across all three disciplines - biology, chemistry and physics. Every topic has clear explanations with notes, diagrams, examples, and practice questions to test their knowledge. Once purchased, the resources for the revision guide can also be accessed online which offers a number of additional videos and quizzes to use.

There are many benefits to purchasing a revision guide for your child; this includes supporting them with their weekly home learning, backing up day to day learning in the class and steering their revision for mid-year reviews.

If your child wishes to purchase their relevant Revision Guide, payment will need to be made using the Academy's online payment platform; www.scopay.com.

Payments will be tracked and students will be given their Revision Guides by their Science Teachers directly.

Kind regards,

Teresa Lambert

Lead Practitioner for Science

Principal: Mr Mark Avoth
