Dear Parents/Carers,

As you know, attendance in Year 11 plays a vital role in students' success in their qualifications. Coursework deadlines are spread throughout the year, and it is important that students keep on track to achieve their best.

To support this, we run a programme of coursework catch-up sessions. These are carefully timetabled to avoid clashes with other subjects, ensuring students are not required to attend multiple after-school sessions on the same day. Students may be invited to attend if they are behind with their coursework, or if they wish to improve the quality of their work in order to maximise their final grade.

When a student is expected to attend, their teacher will contact home to confirm the day and time of the session. Below is the timetable for when these sessions are available. Please ensure your child understands that, if they are asked to attend, it is an important part of supporting their progress.

If a student has not been specifically invited but would like to attend, they should speak to their subject teacher to arrange this.

Below is a table of subject catch-up sessions for Year 11 this academic year.
