

Dear Parent/Carer,

As part of our ongoing commitment to supporting the wellbeing of all students, The Bourne Academy is working in collaboration with Centrepoin, the UK's leading youth homelessness charity, to deliver the **Upstream survey** to our Year 9 students.

The survey will be available to students via the Satchel One (Show My Homework) platform from Monday 8th June and should be completed by Friday 12 June.

The **Upstream survey** is designed to provide a clearer understanding of student wellbeing across our school and the wider region. It helps to identify any potential vulnerabilities that may affect young people in the future. The survey includes questions about students' experiences of school, home life, relationships, and hopes for the future.

The survey takes approximately 15 minutes to complete and will be carried out online. Both school staff and Centrepoin representatives will be available to support students throughout the process.

For most students, no further action will be required after completing the survey. However, in some cases, responses may indicate that a student could benefit from additional support. Where this is the case, the school and Centrepoin will work together to review the information and consider whether further contact may be appropriate.

Any offer of support is entirely voluntary and would only take place following discussion with families and with appropriate consent. Support may include one-to-one work with students, family support, coaching or mentoring around communication, confidence and wellbeing, or signposting to other relevant services.

We would also like to make you aware that Beth Evans, The Bourne Academy's Centrepoin Support Worker, will be available during the Year 9 Parent/Carer Consultation Evening on Wednesday 10 June. This will provide an opportunity for families to find out more about the *Upstream* programme and the support available.

All survey data will be handled securely in accordance with data protection legislation. The Bourne Academy and Centrepoin have worked closely together to ensure that students' information is managed safely and responsibly. Further details can be found in the attached privacy notice.

If you have any questions about the survey or the *Upstream* project, please contact me at The Academy or Centrepoin's Upstream team at upstream@centrepoin.org. Thank you for your continued support.

Yours sincerely,

Mrs K M Franklin

Assistant Principal Inclusion
