

Make a Difference

Our aim at The Bourne Academy Sixth Form is to ensure all our students leave with not only excellent academic qualifications but also with the vital life skills, confidence and self belief they will need to achieve their full potential in today's competitive business environment.

The Bourne Ambassador scheme is integral to our aim to engage local and national employers. It allows a professional relationship between student and mentor that can be adapted to meet the unique needs of each student. This innovative mentoring scheme will create a rewarding experience for both students and Bourne Ambassadors. It will shape the future choices of our students and challenge them in new ways to be successful business men and women of the future.

B Tech Outdoor Education is offered in partnership with Land and Wave a local specialist outdoor education provider

For further information on The Bourne Ambassador Scheme, please contact :

Bourne Ambassadors

**Business Mentoring at
The Bourne Academy
6th Form**

**Inspiring the next
generation**

≡ Bourne Ambassadors : Inspiring the next generation

The aim of the Bourne Ambassador Programme is to provide every 6th Form Student with a business mentor throughout the duration of their two year studies.

Bourne Ambassadors will be enthusiastic and inspiring individuals who are willing for a Sixth Form Student to visit them in their work place 5 or 6 times a year.

We are looking to engage local and national employers creatively to ensure our students understand the needs of employers and the current labour market.

Bourne Ambassadors will:

- Offer support and advice to students on their future choices
- Give their Mentees an insight into the business and working world
- Have a free CRB check
- Be provided with full training and support from the Bourne Academy 6th Form

We will build on our existing STEM (Science, Technology and Engineering) specialism in the 6th Form

Our 6th Form Students will benefit from:

- Improved confidence and social skills
- Greater motivation
- Increased understanding of employers needs
- Opportunities to network with local businesses

Courses currently offered at Sixth Form:

BTEC level 3:

Performing Arts	Engineering
Outdoor Education	Sport

A-Level:

English	Maths
Science	History
Psychology	Geography
Sociology	Product Design
Media	Art
Photography	Modern Foreign Languages

These subjects provide students with a relevant and challenging course that has links to both local and national employers and Higher Education providers. These currently include University College London, Land & Wave (*an outdoor education Provider*) and Pavilion Dance.
